

ASTROS II WHITE

Parachute Rocket

Code: 748701

Made in Greece

- Easy and safe handling
- Ejects white flare on parachute at 300 m for long viewing range
- Bright white flame for at least 40 seconds at 70000 candela
- Screw cup provides additional safety by preventing unintended use
- Ideal for commercial vessels and recreational boats/crafts

APPLICATION

Emergency signal for collision warning, position marking & illuminating for day & night.

INSTRUCTIONS FOR USE

1. Hold the flare by the grip and unscrew the white cap.
2. Grab the rope with the red ball. Hold the parachute rocket firmly in a vertical position with the arrow pointing upwards. Keep it downwind and pull the cord with the ball to activate the parachute rocket.
